ADMISSIONS UNDER SPECIAL CONDITIONS:

*NOTE: Where a candidate holds an appropriate equivalent degree from another University Faculty, admission under special conditions will be a technicality and a statement to this effect is all that is required here. A **detailed motivation** MUST accompany this form for all special condition cases which are not of a routine 'technical' nature. Please attach a full CV in the area of specialisation and supporting documentation.*

I, _____, the Head of Department have confirmed;

1. Candidate completed – Research Methodology
2. The viability, nature and extent of the project
3. The suitability of the candidate
4. The availability and suitability of supervision
5. The nature and extent of the necessary resources and I recommend that the candidate be accepted for the degree.
6. That this degree follows the same discipline as the BTech completed, **student is not allowed to jump to another discipline.**

I confirm that I have considered the six points above and that I do accept the student into the degree.

ONLY INTERNATIONAL STUDENTS

INTERNATIONAL RELATIONS DEPARTMENT ACCEPTANCE OF ADMISSION

STEPS TO FOLLOW BY INTERNATIONAL APPLICANTS:

1. Attach all certificates and documents to your application form. Photocopies must be certified as being a true copy of the original. Originals must be produced before actual registration.
2. A fully completed application form must be submitted to the International Relations Department.
3. Your application will then undergo a selection process at VUT. If your application is successful, you will receive a provisional letter of acceptance offering you a place to study at VUT on condition that you receive a study permit, meet VUT departmental entry requirements and pay all necessary fees.
4. After receiving the provisional letter you may proceed to obtain your study permit at the Embassy, Consulate or Trade Mission of your country of origin, or at the South African High Commission.
5. There are no provisional registrations permitted for international students. Even if you have been accepted for study, VUT cannot be held responsible should you fail to comply with these requirements for actual registration.

IMPORTANT NOTES:

1. A study permit is only valid for the field of study and educational institution for which the original approval was granted.
2. Students who change their field of study must obtain a new permit from the Department of Home Affairs.
3. Acceptance of a student's admission to VUT does not bind the Department of Home Affairs in any way to allow the person into the country, nor does it remove the need to obtain official permission from the Department. Therefore, it is important that a prospective student awaits the outcome to an application for a study permit before proceeding to the Republic of South Africa.
4. A study permit does not qualify an international student to become a South African citizen. Students wishing to become South African citizens after finishing their studies are required to return back to their home countries from where they can apply through a South African representative.
5. You may not enter South Africa on a visitor's visa and then apply for a study permit.

Please do not proceed to the Vaal University of Technology without the proper permit. You must produce proof of membership of a medical aid at registration or you will not be allowed to register.

We at the International Relations Department hereby confirm that all the documentation has been received and that all the requirements have been met.
